SUMMARY

Aspiring Java Backend Developer with practical experience engineering robust server-side applications using Java, Spring Boot, and REST APIs. Adept at designing relational database schemas with MySQL and collaborating in Agile environments. A proven problem-solver and fast learner demonstrated by a recent college hackathon victory eager to contribute to scalable backend systems

PROFESSIONAL SKILLS

Design Understanding
Team Collaboration

Problem Solving
Visual Design

TECHNICAL SKILLS

Java, Spring Boot, Spring AI, MySQL, REST APIs,
Git & GitHub, Agile, WebSocket, JIRA, Postman,
Docker

PROJECTS

AI Resume Analyzer & ATS Checker

- Built a beginner-friendly AI-based Resume Analyzer using Spring Boot and Spring AI
- Added resume upload and text extraction functionality using Apache Tika.
- Developed ATS score checking by comparing resumes with job descriptions
- Generated AI-based suggestions, matched skills, and missing keywords in JSON format.
- Created REST APIs for resume analysis and ATS evaluation.

Google Drive

- Built a file storage management system using Spring Boot, and MySQL.
- Implemented file upload, download, delete, and folder management features using REST APIs
- Used local file storage for managing uploaded files and stored file metadata in MySQL.
- Developed backend APIs and integrated them with the React frontend.

EXPERIENCE

Backend Developer (Academic Role)

Created and maintained back-end logic using Java and Spring Boot.
Designed and built RESTful APIs and integrated MySQL databases for seamless data management. Collaborated in 3+ team projects, focusing on backend architecture, data flow, and API integration.

EDUCATION

Bachelor of Computer Applications

Aug 2024 -May 2027

Mangalmay Institute of Management and Technology(MIMT),Greater Noida
Completed key projects using Java, Spring Boot, React, Spring AI ,Active
participant in technical clubs and coding contests

ADDITIONAL INFORMATION

Languages: English, Hindi, Urdu.

Certifications & Awards

Java Programming Certificate Achieved 1st
Place in College Hackathon Competition
